RESOLUTION

CD7.R23

TECHNICAL DISCUSSIONS AT THE XIV PSC

THE 7th DIRECTING COUNCIL,

Considering that the Constitution of the Pan American Sanitary Conference provides, among the functions of the Conference, that it shall serve as a forum for the exchange of information and ideas relating to the prevention of disease and the preservation of health; and

Considering that a detailed, methodical, and exclusively technical discussion of the reports submitted to the Pan American Sanitary Conference could prove extremely helpful in formulating national and international health programs in the Americas,

RESOLVES

1. To reiterate to the Governments that it is desirable to have the four-year reports that they are to present to the XIV Pan American Sanitary Conference reach the Pan American Sanitary Bureau by 1 April 1954.

2. To authorize the Executive Committee to study the four-year reports of the Governments, establish the procedure to be followed for the seminar-type discussion of the reports, and set the time limit for discussion and the methods to be followed.
