PROPOSED RESOLUTION PRESENTED BY THE REPRESENTATIVE
OF EL SALVADOR AT THE SEVENTH PLENARY SESSION

The Directing Council,

Considering that in the development of the field activities of the Bureau there is an increasing tendency to decrease the number of programs in the countries; and

Bearing in mind the fact that many countries still need direct international aid so that they may organize and strengthen their health administrations and assume their own responsibilities in carrying out continental programs,

RESOLVES:

To recommend to the Director of the Bureau, Regional Director of WHO, and to the Executive Committee that, in the preparation of the proposed programs and budgets of the Organization, they bear in mind the advisability of carrying out local programs in the countries that need and desire such programs.
