PAHO AWARD IN ADMINISTRATION, 1990

At its 105th Meeting, the Executive Committee will receive a report from the Award Committee of the PAHO Award in Administration. The history of the Award dates back to 1969, when the Executive Committee of PAHO, at its 61st Meeting, accepted a donation from Dr. Stuart Portner, former Chief of Administration of the Pan American Sanitary Bureau, to establish an annual Award "to promote better administrative management in the field of health." The Award, currently set at US\$500, is granted according to procedures and criteria approved by the Pan American Sanitary Conference and the Directing Council of PAHO.

The Award Committee will be made up of delegates of three Member States currently on the Executive Committee (Barbados, Canada and Uruguay), who will meet during a recess of the Executive Committee session to select the winner from among eight candidates proposed by seven governments. The Award Committee will communicate its decision to the full Executive Committee, and presentation of the Award to the winner will be made at a ceremony scheduled to take place during the XXIII Pan American Sanitary Conference in September 1990.
