PAHO FIELD OFFICE BUILDINGS

Barbados

During the 113th Meeting of the Executive Committee held in June 1994, the Secretariat reported (Document CE113/25) that the Government of Barbados had decided to lease to the Organization the site now occupied by PAHO for the construction of a new building for the Caribbean Program Coordination. The principal terms of the Lease Agreement, which include a lease period of 99 years, have been approved by the Government and accepted by the Organization. A more accurate construction estimate should be available after the floor plans for the building are completed in September 1994. The World Health Assembly has approved a contribution of up to US\$ 325,000 for this construction project from the WHO Real Estate Fund.

Mexico

As of this writing, no definite site has been selected for the PWR Office in Mexico. The World Health Assembly has approved a contribution of up to US\$ 250,000 for this project from the WHO Real Estate Fund.
