16th SESSION OF THE REGIONAL COMMITTEE

Washington D.C., August 31 – 11 September 1964

RESOLUTION

CD15.R37

**COLLABORATION OF THE PASB IN ADMINISTRATIVE
PRACTICES OF NATIONAL HEALTH SERVICES**

THE 15th DIRECTING COUNCIL,

Having examined the report of the Director on the administrative advisory services provided to the Governments by the Pan American Sanitary Bureau (Document CD15/21);

Recognizing the continuing need for improvement, within the national health services, of the administrative machinery and procedures necessary to assure the efficient operation of the programs; and

Considering that in the achievement of this objective great importance is assigned to the establishment of basic standards that, within the framework of the legislation and the interest of each country, will make administrative research easier and ensure the uniform orientation of personnel devoted to specific administrative tasks,

RESOLVES

- 1.To commend the Director on the efforts made to date by the Pan American Sanitary Bureau in collaborating with the ministries of health to promote better administrative organization and practices.
- 2.To recommend to the Governments that they devote special attention to research in administration for the purpose of improving the practices and procedures employed in health administration.
- 3.To instruct the Bureau to undertake a study, in agreement with the various Governments, of basic standards and guidelines for courses aimed at training administrative personnel for health services.
- 4.To instruct the Director to report further on this matter to future meetings of the Governing Bodies.
