REPORT ON THE COLLECTION OF QUOTA CONTRIBUTIONS

The revised table is presented to provide information on the status of quota contributions as of 20 April 1964.

The Director wishes to report further on the steps taken to comply with XIV Directing Council's Resolution XXXIV, paragraph 3 which reads:

"To request the Director to take the following action and report thereon to the Executive Committee at its Spring meeting and to the XV Directing Council.

- a) Explore all possible measures for promoting and facilitating payment of quotas.
- b) Make arrangements with countries having quotas in arrears more than two years with a view to developing an agreed financial plan for the payment of outstanding quotas within a definite period."

As reported in CE50/8, there have been frequent communication with the Governments in writing and through staff visits. Results have been favorable in most countries. Although it is too early in the year to predict the results for 1964 there is some encouragement in the fact that the number of countries making payments thus far is 12 as compared to 9 at the same time last year.

With respect to the portion of the resolution dealing with countries in arrears more than two years, each Government was approached with the objective of establishing an agreed plan of payment with a definite period. Of the six countries in arrears more than two years and one country in arrears two years, two made sufficient payments to emerge from this category.

Of the five countries remaining in this group, two have established plans for payment within a definite period. One is based on payment each year of an amount equal to the quota assessment for the current year plus 10 per cent of the arrears. A first payment has been made on this plan. The other is based on payment each year of an amount equal to the quotas for the two years farthest in arrears until payment on a current basis is achieved. A first payment also has been made on this plan.

The three remaining countries owing more than two years, have not established plans for payment within a definite period. Consultations with these Governments are continuing.

The quota contributions received in addition to the list shown on CE50/8 are as follows:

Colombia	\$106,382.08	(1964 balance)
Costa Rica	10,013.00	(1963 partial)
Cuba	86.38	(1962 balance)
Cuba	98,062.66	(1963 partial)
Ecuador	2,933.62	(1964 partial)
Peru	6,207.32	(1963 partial)
Trinidad and Tobago	9,690.00	(1964 partial)
