THE 18th DIRECTING COUNCIL,

Having examined Official Document 85 submitted by the Director of the Pan American Sanitary Bureau, which contains the Proposed Program and Budget Estimates of the World Health Organization for the Region of the Americas for 1970;

Bearing in mind that the aforesaid Proposed Program and Budget Estimates are submitted to the Directing Council, as Regional Committee of the World Health Organization, for review and transmittal to the Director-General of the Organization so that he may take them into account in preparing the proposed budget estimates of WHO for 1970;

Recognizing the importance of maintaining adequate budgetary provision for malaria eradication until the objectives of this program are achieved; and

Noting the recommendations contained in Resolution V approved by the Executive Committee at its 59th Meeting,

RESOLVES

1. To approve the Proposed Program and Budget Estimates of the World Health Organization for the Region of the Americas for 1970 contained in Official Document 85, and to request the Regional Director to transmit them to the Director-General of the Organization so that he may take them into account in preparing the WHO budget estimates for 1970.
2. To request the Director to transmit to the Director-General a request to maintain the level of WHO budgetary provision for malaria eradication in the Americas, increasing the WHO regular budget as necessary to offset the decrease in allocations from the WHO Malaria Eradication Special Account.
