6. CONSTITUTION OF THE WORLD HEALTH ORGANIZATION¹

THE STATES Parties to this Constitution declare, in conformity with the Charter of the United Nations, that the following principles are basic to the happiness, harmonious relations and security of all peoples:

Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity.

The enjoyment of the highest attainable standard of health is one of the fundamental rights of every human being without distinction of race, religion, political belief, economic or social condition.

The health of all peoples is fundamental to the attainment of peace and security and is dependent upon the fullest co-operation of individuals and States.

The achievement of any State in the promotion and protection of health is of value to all.

Unequal development in different countries in the promotion of health and control of disease, especially communicable disease, is a common danger.

Healthy development of the child is of basic importance; the ability to live harmoniously in a changing total environment is essential to such development.

The extension to all peoples of the benefits of medical, psychological and related knowledge is essential to the fullest attainment of health.

Informed opinion and active co-operation on the part of the public are of the utmost importance in the improvement of the health of the people.

Governments have a responsibility for the health of their peoples which can be fulfilled only by the provision of adequate health and social measures.

ACCEPTING THESE PRINCIPLES, and for the purpose of co-operation among themselves and with others to promote and protect the health of all peoples, the Contracting Parties agree to the present Constitution

Rule 23

Delegates of Participating Governments who are elected officers shall not officiate during a session at which any matter enumerated in Rule 5 of these Rules of Procedure is under discussion.

Rule 24

These proposed resolutions and those presented by committees, any delegate, or the Secretary shall be submitted to the General Committee where they will be dealt with in accordance with the provisions of Rule 34.

Rule 25

The Director of the Bureau shall be Secretary ex officio of the Conference and of all committees, subcommittees, and working parties established by it. He may delegate these functions.

PART V—COMMITTEES OF THE CONFERENCE

Rule 26

A Committee on Credentials consisting of three delegates of as many Governments shall be appointed by the Conference at the beginning of the first plenary session. This Committee shall examine the credentials of delegates and observers and report to the Conference thereon without delay.

Rule 27

The Conference shall establish a General Committee consisting of the President of the Conference, the two Vice-Presidents, the Rapporteur, the Chairmen of such main committees as shall be established, and one delegate of a Government elected by the Conference from among those Governments not already represented on the General Committee. The President of the Conference shall serve as Chairman of the General Committee.

Rule 28

The General Committee shall:

- (a) Decide the time and place of all plenary sessions and of all sessions of committees;
- (b) Determine the order of the day for each plenary session;

- (c) Propose to the Conference the allocation to committees of items on the agenda;
- (d) Coordinate the work of all committees;
- (e) Fix the date of adjournment;
- (f) Otherwise facilitate the orderly dispatch of the business of the meeting.

Rule 29

The Conference may establish such main committees or working parties as it considers necessary for the orderly dispatch of the business of the meeting. The Chairmen of main committees shall be elected by the Conference. Alternates and advisers may serve on such committees and working parties as may be established.

Rule 30

All delegations shall be entitled to be represented and to vote in main committees.

Rule 31

A main committee shall elect a Vice-Chairman and a Rapporteur who shall report to the plenary session the conclusions reached by the committee.

PART VI—PARTICIPATION OF REPRESENTATIVE OF THE
EXECUTIVE COMMITTEE

Rule 32

The Executive Committee shall be represented at the Conference by such person serving on the Committee as the Committee may determine.

Rule 33

The Representative of the Executive Committee will attend plenary sessions and sessions of the main committees of the Conference. He may participate without vote in their deliberations.

PART VII—CONDUCT OF BUSINESS AT PLENARY SESSIONS

Rule 34

The reports of all committees or working parties, before being submitted to a plenary session for final disposition, shall be referred to the General Committee for coordination. After being examined by the General Committee, such reports, including draft resolutions, shall be distributed, insofar as practicable, no later than the preceding session to the one in which they shall be considered.

Rule 35

The Conference may limit the time allotted to each speaker.

Rule 36

Any delegate may make a point of order during the discussion of any matter, and the point of order shall be resolved immediately by the President.

Rule 37

A delegate may move the closure of the debate at any time. This motion shall be submitted to a vote immediately, after one delegate has been given the opportunity to speak in favor of, and another against, the motion.

Rule 38

The President may at any time call for a vote to close the debate. If this motion is approved, the President shall declare the debate closed.

Rule 39

Amendments to resolutions, submitted in accordance with the provisions of Rule 34 and motions shall normally be introduced in writing and handed to the Secretary who shall circulate copies to the delegates. As a general rule, no proposal shall be discussed or put to the vote unless copies have been circulated to all delegates no later than the preceding session to the one in which they shall be considered by the Conference. Nevertheless, in special circumstances, the President may permit the discussion and consideration of such resolutions,

amendments, or motions even though they have not been circulated previously. Proposals shall be voted on in the order in which they are presented except when the Conference decides to the contrary. Parts of a proposal or an amendment shall be voted on separately if any delegate so requests.

Rule 40

When an amendment to a proposal is moved, the amendment shall be voted on first, and, if the amendment is adopted, the proposal as amended shall then be voted on.

Rule 41

If two or more amendments to a proposal are moved, the amendment deemed by the President to be furthest removed in substance from the proposal shall be voted on first and then the amendment next removed therefrom, and so on until all the amendments have been put to a vote, unless the result of a vote on an amendment makes unnecessary any other voting on the amendment or amendments still outstanding.

Rule 42

A motion is considered an amendment to a proposal if it merely adds to, deletes from, or revises part of that proposal. A motion that constitutes a substitution for a proposal shall be considered as a separate proposal.

Rule 43

A motion may be withdrawn by its proposer at any time before voting on it has commenced, provided that the motion has not been amended or, if amended, that the proposer of the amendment agrees to the withdrawal. A motion thus withdrawn may be re-introduced by any delegate.

Rule 44

When a proposal has been adopted or rejected, it may not be reconsidered at the same meeting unless the Conference, by a vote of two thirds of the delegations present and voting, so decides. Permission to

speak on a motion to reconsider shall be accorded only to two speakers opposing the motion, after which it shall be immediately put to the vote.

PART VIII—VOTING IN PLENARY SESSIONS

Rule 45

For the purpose of these Rules "Governments present and voting" means Governments casting an affirmative or negative vote; or, in an election, a vote for a person or a Government eligible in accordance with the Constitution or these Rules of Procedure. For the purpose of these Rules, "majority" means any number of votes greater than half the votes cast by the Governments present and voting or, in the case of the election of the Director, any number of votes greater than half the number of the Governments of the Organization. In computing a majority, any fraction shall be counted as a whole number.

Rule 46

A motion shall be considered adopted when it has received the affirmative vote of the majority of the Governments present and voting, except when the Constitution or these Rules of Procedure otherwise provide. If the votes are equally divided, the motion shall again be put to a vote without further debate and if the votes are again equally divided, the motion will be regarded as not adopted.

Rule 47

The Conference shall normally vote by show of hands except that any delegation may request a roll-call vote, which shall then be taken in the alphabetical order of the delegations as expressed in the language of the country where the meeting is held. The delegation to vote first shall be determined by lot.

Rule 48

The vote of each delegation participating in any roll call shall be inserted in the record of the session.

Rule 49

In addition to the cases expressly provided for elsewhere in these Rules, the Conference may vote on any matter, except budgetary matters, by a secret ballot if it has been previously so decided by a majority of the delegations present and voting.

Rule 50

Elections shall normally be held by secret ballot. Except as concerns the election of members of the Executive Committee and of the Director of the Bureau, when the number of candidates for elective office does not exceed the number of offices to be filled, no ballot shall be required and such candidates shall be declared elected.

Where ballots are required, two tellers shall be appointed by the President from among the delegations present.

Rule 51

Except as concerns the election of the Director of the Bureau, when only one elective place is to be filled and no candidate obtains in the first ballot the majority required, a second ballot shall be taken which shall be restricted to the two candidates obtaining the largest number of votes. If in the second ballot the votes are equally divided, the President shall draw lots to decide between the candidates.

Rule 52

When two or more elective places are to be filled at one time under the same circumstances, those candidates obtaining in the first ballot the majority required shall be elected. If the number of candidates obtaining such majority is less than the number of elective places to be filled, ballots shall then be taken separately for each of the remaining places in accordance with Rule 51. If the number of candidates obtaining such majority is greater than the number of elective places to be filled, those candidates obtaining the largest number of votes shall be deemed to have been elected.

PART IX—CONDUCT OF BUSINESS AND VOTING IN COMMITTEES AND WORKING PARTIES

Rule 53

The procedure governing the conduct of business and voting by committees and working parties shall conform as far as practicable to the Rules relative to the conduct of business and voting in plenary sessions.

PART X—ELECTION OF THE EXECUTIVE COMMITTEE

Rule 54

The Conference shall elect the Member Governments to serve on the Executive Committee by secret ballot, in conformity with Article 15, paragraph A, of the Constitution.

Rule 55

The term of office of Member Governments elected to the Executive Committee shall begin immediately after their election and they shall hold office until their successors are elected.

PART XI—ELECTION OF THE DIRECTOR OF THE BUREAU

Rule 56

The Conference shall elect the Director of the Bureau by secret ballot in plenary session, in conformity with Article 21, paragraph A, of the Constitution.

Before voting is begun, delegations that wish to do so may nominate any person they deem suitable for the post, but no official list of candidates shall be drawn up, no eligibility requirements shall be established, and votes may be cast for a person whether nominated or not.

If in the first two ballots no person receives the majority required, two further ballots restricted to the two candidates receiving the largest number of votes in the second of the unrestricted ballots shall then be

taken. If no candidate receives the majority required, two unrestricted and two restricted ballots shall be taken alternately until a candidate is elected.

Rule 57

Acting as Regional Committee of the World Health Organization, and in conformity with Articles 49 and 52 of the Constitution of the World Health Organization, the Conference shall submit to the Executive Board of the World Health Organization the name of the person so elected, for appointment as Regional Director.

PART XII—OFFICIAL LANGUAGES

Rule 58

The official languages of the Conference shall be English, French, Portuguese, and Spanish.

PART XIII—FINAL REPORT AND RECORDS

Rule 59

The Final Report shall contain the text of all resolutions and other decisions adopted by the Conference. The Rapporteur, with the assistance of the Secretariat, shall prepare the draft of the Final Report.

Rule 60

The President of the Conference and the Secretary ex officio shall sign the Final Report.

Rule 61

The signed original of the Final Report shall be deposited in the archives of the Bureau and be available for examination upon request.

Rule 62

Provisional verbatim records of the plenary sessions and summary records of the committee sessions shall be prepared at the meeting and distributed as soon as possible.

Rule 63

As soon as possible after the closing of the Conference the records of the sessions, the Final Report, and other Conference documents shall be reproduced, and the Director of the Bureau shall transmit copies thereof to the Governments as well as to the organizations represented at the Conference.

PART XIV—AMENDMENT OF THE RULES OF PROCEDURE

Rule 64

These Rules of Procedure may be amended on 24-hour notice by the affirmative vote of a majority of the delegations present and voting or at any time by the affirmative vote of two thirds of the delegations present and voting.

Rule 65

All matters not provided for in these Rules of Procedure may be resolved directly by the Conference.

¹ Text approved by the Executive Committee at its 43rd Meeting, Resolution XV (1961) and modified pursuant to Resolution V of its 56th Meeting (1967).

voted and up to the amounts so voted, but no obligations may be incurred or payments made until allotments have been issued in writing by the Director.

- 103.2 Appropriations shall remain available to the extent that they are required to discharge obligations in respect of goods supplied and services rendered in the financial year, and to liquidate any other outstanding legal obligations of the year. The Director is authorized to charge as an obligation against the annual appropriations:
- (a) the costs, including transportation, of operational supplies and equipment and the cost of publications for which contracts have been entered into by 31 December of the financial year;

At the end of the twelve-month period specified, all unliquidated obligations, excepting fellowships, shall be cancelled or, where the obligation remains a valid charge, transferred as an obligation against current appropriations. Obligations established for fellowships shall remain available for expenditure until fully liquidated. The remaining balances of appropriations surrendered at these times shall be credited to Miscellaneous Income.
- 103.4 Any surplus of funds arising from an excess of income over obligations shall be transferred to the Working Capital Fund. Any deficit arising from excess of obligations over income will be met by an advance from the Working Capital Fund.

- 105.3 No obligation shall be incurred without prior certification by the Chief of Administration that funds are available in the appropriate allotment to be charged.
- 105.4 Proposals to incur obligations must be made in writing and be fully documented. They must specify the purpose of the proposed expenditure and the allotment to be charged.
- 105.5 The Chief of Administration will be responsible for examining the proposed obligations to ensure that:

- (a) services have been rendered or delivery has been completed in accordance with the terms of the contract;
 - (b) the amount is correct and in accordance with the terms of the contract.
- 106.4 Should the Chief of Administration feel there is any reason why payment of any claim should be withheld, such claims will be referred to the Director.
- 106.5 Claims submitted by staff members which are more than one year old will not normally be considered. This provision does not apply to claims for reimbursement of income tax or matters in connection with settlement of insurance or pension claims.

A separate cash account shall be kept for each bank account, as well as for sums deposited with other institutions.
- 109.4 Panels of signatories shall be designated by the Director and all checks drawn on the Organization's accounts will be signed by two officials of the appropriate panels; provided that the Director may, where he deems that adequate safeguards of the funds of the Organization are provided, or in exceptional circumstances, authorize the signature of checks by one official only.
- 109.5 No interest will be payable on sums deposited with or retained by the Organization. Should any interest accrue on investments made on behalf of a third party, the amount of such interest will be paid only if so requested in advance and upon such conditions as may be agreed with the Director.
- 109.6 All securities shall be deposited either in the custody of duly appointed bankers or in safe deposit vaults maintained by a recognized financial institution designated by the Director.

 - (c) When the best interests of the Organization will be served by disposal by gift or at nominal prices to a non-profit organization.
