

## HIGHLIGHTS

- For consistency the GLOBAL total numbers will only include laboratory-confirmed cases from all 25 countries affected including China. The clinically diagnosed “confirmed” cases from Hubei province, China will be listed separately under China’s total. We will continue to follow and report on both numbers.
- 1 new COVID-19 death was reported in Japan bringing the total deaths outside China to 2 – the previous death was reported in a Chinese national in the Philippines.
- In the region of the Americas, one additional confirmed COVID-19 was reported in in the United States of America (Texas State) in a quarantined individual for a total of 15 total cases in the USA.

Jamaica reported that of the 3 suspected cases in the country to date, of which 1 tested negative at CARPHA and 2 are awaiting rest results.

- Since 5 February 2020, no *new countries* outside China reported cases of 2019-nCoV.
