   b. Enact and enforce bans or comprehensive restrictions on exposure to alcohol advertising (across multiple types of media)
   c. Increase excise taxes on alcoholic beverages

7. Member State has implemented the following four measures to reduce unhealthy diets:
   a. Adopt national policies to reduce population salt/sodium consumption
   b. Adopt national policies that limit saturated fatty acids and virtually eliminate industrially produced trans fatty acids in the food supply

8. Member State has implemented at least one recent national public awareness and motivational communication for physical activity, including mass media campaigns for physical activity behavioral change

Strengthen health systems to address NCDs through people-centred primary health care and universal health coverage, building on guidance set out in WHO Global NCD Action Plan

9. Member State has evidence-based national guidelines/protocols/standards for the management of major NCDs through a primary care approach recognized/approved by government or competent authorities
