WORLD HEALTH ORGANIZATION

57th SESSION OF THE EXECUTIVE COMMITTEE

Port-of-Spain, Trinidad and Tobago, 28 - 29 September 1967

57th Session of the Executive Committee

RESOLUTIONS

CE57.R1 The Executive Committee,

Having reviewed the Proposed Program and Budget Estimates [for 1969] presented in Official Document 76;

Considering that the Organization has continued to make progress in formulating in a single document budget estimates for a four-year period by program, object of expenditure, budgetary allotment, organizational units, and geographic distribution; and

Having made a general review of the Proposed Program and Budget Estimates for 1969 to be submitted to the Regional Committee of the World Health Organization for the Americas,

Resolves:

1. To commend the Director for the excellent presentation of Official Document 76, which displays substantial progress in the formulation of a program budget, thereby facilitating a detailed examination of the whole range of activities of the Organization in relation to objectives and sources of funds.
2. To advise the XVII Meeting of the Directing Council that the Proposed Program and Budget Estimates for 1969 contain projects reflecting the general and specific activities of the Organization and showing their order of magnitude for that year.

3. To draw to the attention of the Directing Council that the Program and Budget Estimates for the Region of the Americas for 1969 provide for a series of activities that are part of the policy of the Organization and that are of great importance for the improvement of health in the countries in the Region.

CE57.R2 The Executive Committee,

Having noted the information contained in Documents CE57/2 and CD17/19 to the effect that voluntary contributions received from the Governments slightly exceed the financial requirements as of 30 June and that additional amounts have been pledged;

Being informed of the resolution approved by the Inter-American Economic and Social Council at its Fifth Annual Meetings, which, among other points, requested the Pan American Health Organization to continue to assume technical and administrative responsibility for the Pan American Foot-and-Mouth Disease Center, and which delegated to the Inter-American Committee on the Alliance for Progress the authority to determine the system of financing of the Center in consultation with PAHO and the Secretariat of the Organization of American States; and

Bearing in mind, as expressed in Resolution XVIII of the 56th Meeting of the Executive Committee, the importance of the Pan American Foot-and-Mouth Disease Center to the health and economic development of the Americas,

Resolves:

1. To reiterate the interest of the Executive Committee in the prompt and definitive solution of the stable and permanent financing of the Pan American Foot-and-Mouth Disease Center, as well as in the recommendations contained in Resolution XVIII of its 56th Meeting.
2. To express its appreciation for the generous voluntary contributions of Brazil, Colombia, the Dominican Republic, Panama, the United States of America, and Venezuela.

3. To urge the Governments to make additional voluntary contributions to ensure the continued operation of the Center at not less than the current level until a stable system of financing can be put into effect.

4. To recommend to the Directing Council that it take appropriate action to ensure a system of stable financing at an adequate level in order to achieve the objectives of the Center in serving the Governments of the Americas, taking into consideration the plan contained in the report of the Seoane-Palacios mission.
