WORLD HEALTH ORGANIZATION

1st DIRECTING COUNCIL

Washington D.C., September 24 - 2 October 1947

RESOLUTION

CD1.R4

EXECUTIVE COMMITTEE

THE 1st DIRECTING COUNCIL,

[Having studied] the report presented by the Executive Committee of its Second Biannual Meeting, held in Buenos Aires on 22 and 23 September 1947,

RESOLVES

1. To authorize the Director:
 - a) To use his own discretion concerning the appointment of the technical committees in accordance with the economic resources and the development of the program of the Bureau;
 - b) To charge a nominal subscription fee to private individuals and institutions desiring to receive the Boletín;
 - c) To discontinue payments to the statistical representatives in the different countries;

d) To postpone the classification of personnel and the preparation of rules and regulations in order that both may conform as nearly as possible to those of the specialized agencies of the United Nations; and

e) To prepare an additional program, of scientific nature, for the meeting of the Directing Council next year.

2. To defer the discussion of the Pan American Sanitary Code² until a future meeting, taking into consideration the legal aspects that modifications of the Code will imply, as well as the future action of the World Health Organization on a World Sanitary Code.

Sept.-Oct. 1947 Pub. 247, 6

Having studied the report submitted by the Subcommittee (Argentina, Bolivia, Brazil, and Paraguay) on the plan for continental eradication of *Aedes aegypti* proposed by Dr. Heitor Prager Fróes on behalf of Brazil,

RESOLVES

1. To entrust to the Pan American Sanitary Bureau the solution of the continental problem of urban yellow fever, based fundamentally on the eradication of *Aedes aegypti*, without prejudice to other measures that regional circumstances may indicate.

2. To develop the program under the auspices of the Pan American Sanitary Bureau, which, in agreement with the interested countries, shall take the necessary measures to solve such problems as may emerge in the campaign against yellow fever, whether they be sanitary, economic, or legal.
