WORLD HEALTH ORGANIZATION

13rd DIRECTING COUNCIL
13rd SESSION OF THE REGIONAL COMMITTEE

Washington D.C., 3 - 13 October 1961

RESOLUTION

CD13.R27

**REGISTER OF AREAS WHERE MALARIA HAS BEEN
ERADICATED**

THE 13rd DIRECTING COUNCIL,

Having examined in detail Document CD13/6 and its annexes,1 including the special report on Venezuela,

RESOLVES

1. To take note of the entry in the Register of Areas Where Malaria Has Been Eradicated of approximately 157,500 square miles of the territory of Venezuela, in accordance with the report prepared on this subject by the Pan American Health Organization.
2. To recommend to Member Governments and to the national malaria eradication services the intensification of surveillance activities during the consolidation phase of their programs, and the organization of their epidemiological data in such a way as to facilitate the future registration of areas in the Register.

3. To recommend to Member Governments that adequate rural health services be developed as one of the necessary elements in the maintenance phase of eradication, once eradication has been achieved.
