**PRELIMINARY REPORT ON THE SITUATION IN THE REGION OF  
THE AMERICAS IN REGARD TO THE STRATEGIES OF HEALTH  
FOR ALL BY THE YEAR 2000**

*THE 29<sup>th</sup> DIRECTING COUNCIL,*

Considering that national evaluation and monitoring processes are of key importance in steering the efforts of the countries toward attainment of the goal of health for all by the year 2000, and must be made a part of every national administration and planning process, and be designed, organized, and implemented in keeping with the particular circumstances of each country;

Cognizant of the need for systematic evaluation and monitoring, at the regional and global levels, of the national processes for attaining the goal of health for all by the year 2000 as an aid to the Organization and its Member Governments in guiding and adjusting their policies, priorities, strategies, and programs; and

Noting that this evaluation and monitoring at the regional level must be based on the information of the national analyses.

***RESOLVES***

1. To approve the preliminary report on the situation in the Region of the Americas in regard to the strategies for health for all by the year 2000 (Document CD29/24).
2. To urge the Governments to give highest priority to the continued adjustment of their national evaluation and monitoring processes as part of their planning and administration for the most effective and efficient attainment of the goal.
3. To request the Governments to provide in due time the information needed to consolidate the evaluation and monitoring processes at the regional and global levels.
4. To request the Director to intensify the Organization's support measures to Member Countries for national and regional planning and administration processes and, within these, for evaluation and monitoring procedures.
