RULES FOR TECHNICAL DISCUSSIONS

In Resolution XXXIII the XVII Directing Council invited the Executive Committee to review the "Rules for Technical Discussions at Meetings of the Pan American Sanitary Conference and of the Directing Council" and to submit its suggestions for the XVIII Meeting of the Directing Council.

To facilitate the task entrusted to the Executive Committee, the text of the Rules in force appear, in the document annexed, in the left-hand column and the suggested changes in the right-hand column.

The present Rules were adopted in 1958; since then, doubts have been expressed from time to time on two questions: 1) the number of subjects to be discussed, and 2) the procedure for selecting the subject to be discussed. These two points are covered by the suggested changes that appear in the attached document.

This document has been prepared solely for the purpose of facilitating discussion of the item by the Executive Committee, which is completely free to revise the Rules for Technical Discussions in whatever way it thinks fit.

The Rules, as revised and approved by the Executive Committee, will be submitted to the XVIII Meeting of the Directing Council for consideration.

RULES FOR TECHNICAL DISCUSSIONS

Rule 8.- The subjects proposed shall be submitted to a working group appointed by the President of the Conference or the Council, as the case may be, which shall be responsible for hearing the proponents and preparing a list of not more than three subjects for submission to the appropriate plenary session.

Rule 9.- The Conference or the Council, as the case may be, shall select as the subject for the Technical Discussions that which receives the affirmative vote of a simple majority of the Governments present and voting in plenary session. Voting shall be by ballot. If none of the subjects receives the required majority, a second vote shall be taken on the two subjects that obtain the highest number of votes, except that if two of the subjects obtain the same number of votes, and that number is smaller than that obtained by the third subject. In that event, another vote shall be taken. If, on the second vote, none of the subjects obtains the required majority, a further vote shall be taken and the subject that obtains the highest number of votes shall be selected.
