PAHO AWARD FOR ADMINISTRATION

REPORT OF THE AWARD COMMITTEE OF THE PAHO AWARD
FOR ADMINISTRATION

In accordance with arrangements made by the Executive Committee, Dr. Raúl Charles León (Argentina), Dr. José Mario van Severen (El Salvador) and Dr. Gaston Deslouches (Haiti) met under the chairmanship of Dr. Deslouches on 3 July 1974 to examine the documentation on the PAHO Award for Administration and, considering that the Member Governments have not proposed candidates for the Award as the authors of studies, researches or essays applicable to the health sector, they recommend as follows:

1. That the competition for 1974 be declared void.
2. That it be duly noted that the founder of the Award has been informed and will, it is understood, submit a formal communication to the effect that henceforward the regulations governing the Award should be thrown open, in other words, that the restriction in the rules should be waived so that the Award can be made in any year, on the basis either of work carried out or of a publication.
