26th PAN AMERICAN SANITARY CONFERENCE **54th SESSION OF THE REGIONAL COMMITTEE**

Washington, D.C., USA, 23-27 September 2002

Provisional Agenda Item 4.1

CSP26/6 (Eng.)

15 July 2002

PROVISIONAL DRAFT OF THE PROGRAM BUDGET OF THE WORLD HEALTH ORGANIZATION FOR THE REGION OF THE AMERICAS FOR THE FINANCIAL PERIOD 2004-2005

The Pan American Health Organization (PAHO) is required to submit the recommendations of the 26th Pan American Sanitary Conference, 54th Session of the Regional Committee of the World Health Organization (WHO) for the Americas, to the Director-General of WHO, on the WHO program budget for the Region of the Americas for the financial period 2004-2005. The regional proposal will become a part of the global proposal to be presented to the 111th Session of the WHO Executive Board in January 2003 and to the Fifty-sixth World Health Assembly in May 2003.

The provisional draft was submitted to the 130th Session of the Executive Committee in June 2002. After reviewing it and discussing it, the Executive Committee adopted Resolution CE130.R2 for consideration by the Pan American Sanitary Conference.

The Conference is requested to give its guidance and opinions concerning the provisional draft, while bearing in mind that the combined PAHO and WHO proposal for 2004-2005 will be presented to the Subcommittee on Planning and Programming, the Executive Committee, and the Directing Council in 2003. The Conference is asked to review this document and is invited to consider the resolution recommended by the Executive Committee (Annex 3).

1. WHO Regular Planning Allocation for 2004-2005

The budgetary guidance and regional planning allocations for 2004-2005 from the Director-General of WHO provide for a reduction below the level of the 2002-2003 program budget. The initial proposals from the Regions are to be submitted without cost increases (mandatory and inflationary). In January 2003, the WHO Executive Board will consider the various cost increases that might be provided to the Regions.

The initial planning allocation established for 2004-2005 for the Region of the Americas, without cost increases, is US\$ 72,491,000. The Director-General's instructions call for a budget presentation broken down between the Regional Office and Inter-country Program level and the Country Program level. The submission is illustrated in Table 1:

Table 1

	PB/2002-2003 Approved Budget (in US\$)	PB/2004-2005 Planning Allocation (in US\$)
Regional Office and Inter-country Programs	33,133,000	32,160,000
Country Programs	41,549,000	40,331,000
Total	74,682,000	72,491,000

2. Formulation and General Analysis of the 2004-2005 WHO Program Budget Proposal

The initial planning allocation of \$72,491,000 provided by the Director-General for the 2004-2005 WHO Regular Budget follows the regional reallocation scheme approved by the Fifty-first World Health Assembly in May 1998. This figure is \$2,191,000, or 2.9% less than the 2002-2003 approved regular budget.

The annexed proposals for 2004-2005, presented in accordance with the WHO Areas of Work, are without cost increase, as compared with the 2002-2003 base contained in the WHO official program budget document (PB/2002-2003).

Annex 1 shows the distribution of Regional Office and Inter-country Programs, with Country Programs summarized in the final area of work. It complies with WHO instructions to make an overall shift equivalent to 2% to 3% of the budget to the WHO

priority Areas of Work for 2004-2005. These priority areas are: malaria; tuberculosis; HIV/AIDS; cancer; cardiovascular disease and diabetes; tobacco; maternal health; health and environment; food safety; mental health; safe blood; and health systems. Also, in accordance with WHO requirements, Annex 2 shows the estimated distribution of Country Programs among the 35 Program Areas of Work. These figures have been prepared based on country submissions for 2002-2003.

The overall PAHO and WHO combined proposal for 2004-2005 will be presented to the Subcommittee on Planning and Programming, the Executive Committee, and the Directing Council in 2003.

It is the responsibility of the 26th Pan American Sanitary Conference, functioning as the WHO Regional Committee for the Americas, to make a recommendation to the Director-General of WHO on the level of the 2004-2005 planning allocation for the Region of the Americas. The regional proposal will become a part of the global proposal to be presented to the WHO Executive Board in January 2003 and to the World Health Assembly in May 2003.

3. World Health Assembly Resolution WHA51.31 (May 1998) “Regular Budget Allocations to Regions”

The Conference should note that the reduction of \$2,191,000, or 2.9% of the 2002-2003 budget level, is a result of Resolution WHA51.31, approved by the Fifty-first World Health Assembly in May 1998. The resolution originally called for a maximum reduction of 3% per year, or 6% for a given biennium. For the 2002-2003 biennium, the Director-General lowered the maximum percentage reduction to 4%, and in March 2002 further reduced it to 3% for the 2004-2005 biennium. The 2004-2005 biennium is the last of three bienniums over which these reductions were to be spread. An evaluation of the impact of these regional reallocations is scheduled for presentation at the Fifty-seventh World Health Assembly in May 2004 as called for in paragraph four of the resolution.

Table 2 demonstrates the effect of Resolution WHA51.31 on the WHO regular budget allocations to the Region of the Americas.

Table 2

Period	Allocation (in US\$)	Cumulative Change from Base (in US\$)
1998-1999 approved budget	82,686,000	0
2000-2001	77,725,000	(4,961,000)
2002-2003	74,682,000	(8,004,000)
2004-2005	72,491,000	(10,195,000)

This issue is brought to the attention of the Conference at this time because the reduction envisioned for 2004-2005 may require changes in programs. The full impact will be discussed in detail at the 132nd Session of the Executive Committee in June 2003.

RESOLUTION

CE130.R2

PROVISIONAL DRAFT OF THE PROGRAM BUDGET OF THE WORLD HEALTH ORGANIZATION FOR THE REGION OF THE AMERICAS FOR THE FINANCIAL PERIOD 2004-2005

THE 130th SESSION OF THE EXECUTIVE COMMITTEE,

Having considered Document CE130/8, which contains a tentative request to the World Health Organization for US\$ 72,491,000, without cost increases, for the Region of the Americas for the financial period 2004-2005,

RESOLVES:

To recommend to the 26th Pan American Sanitary Conference, 54th Meeting of the Regional Committee of WHO for the Americas, the adoption of a resolution along the following lines:

THE 26th PAN AMERICAN SANITARY CONFERENCE,

Having considered Document CSP26/6 and the tentative request to the World Health Organization for US\$ 72,491,000, without cost increases, for the Region of the Americas for the financial period 2004-2005; and

Noting the recommendation of the Executive Committee,

RESOLVES:

To request the Director to transmit to the Director-General of WHO the request for \$72,491,000, without cost increases, for the Region of the Americas for the financial period 2004-2005, for consideration by the WHO Executive Board and the World Health Assembly in 2003.
