Topic 5: ADOPTION OF THE PROGRAM OF SESSIONS

In accordance with the Rules of Procedure of the Directing Council, the Director has formulated a program of sessions for approval by the Council. This program, in agreement with the precedent established by the last meeting of the Council (Washington, D. C., 1953), provides for all items of the agenda to be discussed in plenary session, those matters requiring detailed study being referred to small working parties. This procedure permits those Member States having a single representative to participate in all discussions and avoids the difficulty previously encountered in securing a quorum for multiple committees.
